NORTHPORT SYSTEMS ADDS EXTENSIVE TOPOGRAPHIC MAPPING DATA CAPABILITY INTO FUGAWI SOFTWARE

***Fugawi GPS Mapping Software Products Include Free One-Year Fugawi X-Traversal Online
Maps Subscription***

TORONTO, Canada – Northport Systems, Inc., a leader in GPS mapping software and innovative GPS applications, announced today that its popular Fugawi Global Navigator and Fugawi Marine ENC™ software products now feature access to an extensive collection of topographical map data for the United States and Canada, with Sweden to be added shortly. The ultimate software tool for route planning and GPS programming, Fugawi Global Navigator now gives outdoor enthusiasts the ability to use subscription-based Fugawi X-Traversal mapping content within their PC-based navigation solution. Free for the first year, Fugawi Global Navigator users can now plot waypoints, routes and tracks, as well as experience real-time GPS navigation, print paper maps and much more.

“Fugawi Global Navigator customers will find the detailed United States Geological Survey (USGS) and Natural Resources Canada (NRCAN) topo maps an indispensable resource,” said Robin Martel, president of Northport Systems. “Our unprecedented software has always delivered the most powerful navigation capabilities to outdoor enthusiasts and we are pleased to expand our offerings and provide our customers additional resources.”
